

MAC 2022 INDUCTION CEREMONY

25 FEBRUARY 2022

INTRODUCTION

Duke-NUS Medical School has established itself as premier medical education institution that nurtures future clinician scientists and medical leaders; and as a thriving, collaborative research powerhouse strategically working to address the most pressing medical needs in Singapore and the region. Together with our academic medicine partner SingHealth, we have firmly placed our Academic Medical Centre on the world map.

In recognition of our academic clinical faculty who have tirelessly dedicated their time and effort to propel the School's and AMC's growth and accomplishments to new heights, we are proud to celebrate the excellence and scholarly achievements of our:

- i. Newest cohort of Master Academic Clinicians,
- ii. Newly promoted and appointed senior faculty, and
- iii. Newly promoted junior faculty.

CONGRATULATIONS
TO OUR
MASTER ACADEMIC CLINICIANS

MASTER ACADEMIC CLINICIANS

Our Master Academic Clinicians are a select group who have distinguished themselves through their clinical mastery, exemplary standards of professionalism and excellence in their scholarly activities; which range from education, leadership, research and innovation to patient safety and quality improvement.

Our Master Academic Clinicians are ambassadors for Duke-NUS and role models to our students and faculty. We are proud of their accomplishments and appreciate their contributions to Duke-NUS, as we strive towards our vision of transforming medicine and improving lives.

Cheng Wai Sam, Christopher

Clinical Professor, Surgery ACP

Senior Advisor, SingHealth

Senior Consultant, Department of Urology, Sengkang General Hospital and Singapore General Hospital

"Clinical Professor Cheng is a prominent and well-respected urologist who enjoys a strong professional standing in the Singapore and international medical communities. A fervent advocate of patient safety and quality care, he works tirelessly to ensure patients receive the highest standard of care. He is a firm believer in leveraging advances in technology and medical innovation to transform the delivery of healthcare to better meet patients' needs."

Clinical Associate Professor Tan Hiang Khoon
(Academic Chair, Surgery ACP)

Ding Zee Pin

Associate Professor, Cardiovascular Sciences ACP

Senior Consultant, Department of Cardiology, National Heart Centre
Singapore

“Associate Professor Ding believes in nurturing the next generation through proper guidance with her vast experience in clinical medicine. She spent considerable time and effort in teaching and mentoring our future doctors. She is truly a dedicated clinician, teacher and has contributed enormously to the field of academic medicine in Singapore, serving as an inspiration to many generations of doctors and allied health professionals. ”

- Clinical Professor Chua Siang Jin Terrance
(Academic Chair, Cardiovascular Sciences ACP)

Goh Bee Tin

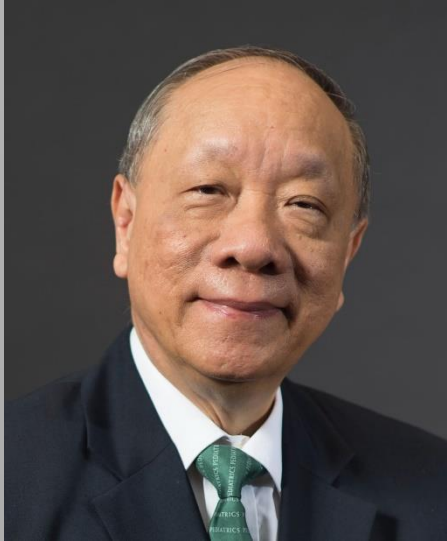

Clinical Associate Professor, Oral Health ACP

Deputy Director (Research and Education) and Senior Consultant (Head),
Department of Oral & Maxillofacial Surgery, National Dental Centre
Singapore

“As a clinician leader, scientist, innovator and educator, Clinical Associate Professor Goh exemplifies not only excellence in her work as a clinician but helps improve the practice of dentistry in every aspect of her work. She was pivotal in the development and successful launch of the National Dental Research Institute Singapore (NDRIS), which is the only national institute in the Asia-Pacific region to focus on oral health research.”

- Clinical Associate Professor Poon Choy Yoke
(Academic Chair, Oral Health ACP)

MASTER ACADEMIC CLINICIANS

Ho Lai Yun

Professor, Paediatrics ACP

Emeritus Consultant, Department of Neonatal & Developmental Medicine,
Singapore General Hospital

“Professor Ho is eminently recognised as a master clinician in the medical community who has held key positions in various academic organisations, and nurtured generations of neonatologists and paediatricians. Through his long, illustrious career, he has shaped Singapore’s early childhood development landscape and contributed significantly to healthcare policies, medical education, child advocacy, and community.”

- Clinical Associate Professor Chan Yoke Hwee
(Academic Chair, Paediatrics ACP)

Phua Kong Boo

Clinical Professor, Paediatrics ACP

Emeritus Consultant, Department of Paediatrics, Gastroenterology, Hepatology & Nutrition Service, KK Women's and Children's Hospital

"Clinical Professor Phua is a true role model of an exemplary clinician with outstanding contributions to medical research, education and the community. He is a well sought-after speaker for topics on gastroenteritis, obstructive jaundice, biliary atresia and numerous others in gastroenterology. His sharing at the Initiative for Vaccine Research's Global Vaccine Research Forum was instrumental in expediting the availability of a rotavirus vaccine to millions of children today."

- Clinical Associate Professor Chan Yoke Hwee
(Academic Chair, Paediatrics ACP)

Tan Bien Soo

Clinical Professor, Radiological Sciences ACP

Senior Consultant, Department of Vascular & Interventional Radiology,
Singapore General Hospital

“Clinical Professor Tan has great foresight and has the ability to see ahead of the curve. He is a key opinion leader and is well respected nationally and around the world. He is very passionate and committed to providing the best care to patients. He has introduced many patient safety and quality improvement initiatives, standardised workflows and protocols, placed heavy emphasis on clinical patient care and audit as well as on education and research.”

- Clinical Associate Professor Tan Gee Seng Andrew
(Academic Chair, Radiological Sciences ACP)

Tan Ngiap Chuan

Clinical Associate Professor, Family Medicine ACP

Senior Consultant and Family Physician, SingHealth Polyclinics

"Clinical Associate Professor Tan has single-handedly sown the seed for Family Medicine research from the early years and nurtured its progressive development, both in scale, capacity and capability. He is always on the lookout to identify aspiring medical students and junior doctors as future family physicians and is especially passionate to nurture them to be future generations of family physicians who are not only competent clinicians but also excel in research and innovation."

- Clinical Assistant Professor Ee Guan Liang Adrian
(Inaugural Academic Chair, Family Medicine ACP)

MASTER ACADEMIC CLINICIANS

Julian Thumboo

Professor, Medicine ACP

Senior Consultant, Department of Rheumatology & Immunology, Singapore General Hospital

"Professor Thumboo had served on several national committees and helmed various leadership positions. He has brought together the SGH research community to strategically identify research peaks and enablers which would help the institution achieve an envisioned future for research. He is passionate about teaching and regards it as a personal mission to impart not only knowledge but the need to instill compassion, commitment, integrity and a passion to learn"

- Associate Professor Loo Chian Min
(Academic Chair, Medicine ACP)
