Healthcare innovation has seen a tremendous surge over the last 6 months as a result of the pandemic. Developments in innovation range from medical testing, contact tracing to management and treatment of COVID-19. This webinar series will explore health innovations emerging from the ASEAN region designed in response to the pandemic. It also aims to address different types of innovations such as reverse innovation and frugal innovation in the ASEAN region. The potential to apply innovations across diverse resource settings will be explored.

WEBINAR 1:

**Exploring hospital based
healthcare innovations from the
ASEAN region to tackle COVID-19**
21 OCT 2020, 5-6PM SGT

WEBINAR 2:

**Identifying community based
healthcare innovations from the
ASEAN region in response to
COVID-19**
28 OCT 2020, 5-6PM SGT

WEBINAR 3:

**Applying research innovations in
healthcare from
the ASEAN region to test for,
prevent, and treat COVID-19**
4 NOV 2020, 5-6PM SGT
