TWO-HOUR ONLINE

# CONFERENCE

20<sup>th</sup> October 2020

by the International Out-Of-Hospital Cardiac Arrest Registry Group

Communicating registry output  
to improve cardiac arrest outcomes

## Johan Herlitz (Sweden)

Professor in Emergency Care at the University of Borås

Professor Johan Herlitz is Professor in Emergency Care at the University of Borås, Sweden. He is also the former Chairman of the Swedish Registry of Cardiopulmonary Resuscitation. Professor Herlitz began his career as a physician in 1974 and subsequently specialised in cardiology and general medicine. He established the world-renowned Swedish Registry of Cardiopulmonary Resuscitation in 1990. Since 1978, he has authored almost 750 peer-reviewed publications, primarily covering the topics of resuscitation, emergency medicine and myocardial infarction.

In 2019, Professor Herlitz was honoured with the Swedish Prehospital Prize for his years of work with the Swedish Registry of Cardiopulmonary Resuscitation Registry.
