TWO-HOUR ONLINE

# CONFERENCE

20<sup>th</sup> October 2020

by the International Out-Of-Hospital Cardiac Arrest Registry Group

Communicating registry output  
to improve cardiac arrest outcomes

## Kimberly Vellano (USA)

MPH, Rollins School of Public Health, Emory University

Kimberly Vellano (MPH, Rollins School of Public Health, Emory University) is the Director of State Management and Software Development for the Cardiac Arrest Registry to Enhance Survival (CARES) in the United States.

She has worked at CARES for 10+ years in a number of roles and currently supports expansion, training, and data collection at the state-level, and drives software development to improve reporting and data quality.
